Choose a new career path for a bright and rewarding future

Earn a technical career in one year!

Adults may take advantage of occupational training programs during regular day school hours (8:15 a.m. to 2:45 p.m.). All career training programs are competency based and allow students to progress at their own pace. Most programs consist of two semesters of training totaling 1,000 hours. The cost is \$8,000 for most programs. *Most programs are on the state-approved provider list and also qualify for financial aid.* Enrollment is open entry, and students are accepted in January and August. Students who complete the required curriculum are also eligible to test for the Pennsylvania Skills Certificate through the National Occupational Council Testing Institute (NOCTI). See us about cross training in various disciplines.

— \$8,000 Programs —

AUTOMOTIVE BODY TECHNOLOGY (COLLISION REPAIR & REFINISHING) - The course includes training in the latest procedures, products and tools approved by I-Car for the collision repair industry including S/P2 Safety. Students will begin with basic panel preparation and advance to ultrasonic damage diagnosis on the Shark II system. In addition, students will learn refinishing procedures and custom painting using both conventional and water-based paints. Welding instruction will include both steel and aluminum MIG welding.

- **CERTIFICATIONS:** PA Skills Certificate/S-P2 Collision Pollution Prevention/S-P2 Mechanical Pollution Prevention/SP-2 Collision Safety/S-P2 Mechanical Safety/S-P2 Supervisor's Course/ASE Refrigerant Recovery & Recycling/PA Safety Inspection Mechanics Category I License/I-CAR Non-Structural Pro Level 1/I-CAR Refinish Pro Level 1/PPG Technician Certification

AUTOMOTIVE TECHNOLOGY - Thorough theory and actual laboratory experience, students receive the training needed to troubleshoot, analyze, and repair malfunctioning gasoline engines.

- **CERTIFICATIONS:** PA Skills Certificate/S-P2 Mechanical Pollution Prevention/S-P2 Mechanical Safety/S-P2 Supervisor's Course/ASE Refrigerant Recovery & Recycling/PA Safety Inspection Mechanics Category I License/Landing That Job Interview Skills

CARPENTRY - The high demand for skilled labor in the building construction industry makes training in the carpentry class the perfect opportunity to obtain good paying local employment. Here you will receive training in all the skills required in residential construction through the modular house project. Many of these skills are trades of their own, such as roofing, dry wall installation and finish, finish floor installation, cabinetmaking, framing contractor, and finish carpenter. Let the carpentry course help you build a quality home today, for a quality workforce of tomorrow.

- **CERTIFICATIONS:** PA Skills Certificate/PA Builders' Association Skills Certificate/CertainTeed-Master Shingle Applicator/Occupational Safety & Health Administration-OSHA 10 Hour Construction Certification

COMPUTER NETWORKING - Students will learn the basics of computers, physical networking using copper and fiber optic cabling, logical networking with Cisco based coursework.

- **CERTIFICATIONS:** PA Skills Certificate/Cisco Certified Entry Network Technician-ICND1 (CCENT)/Cisco Certified Network Associate-ICND1 (CCNA)/Cisco Certified Design Associate (CCDA)/Comp TIA A+/Comp TIA Net+/Comp TIA Security+/Comp TIA Server+/Comp TIA STRATA IT Fundamentals/Microsoft Technology Associate-Networking/Microsoft Associate-Server/Microsoft Technology Associate

CULINARY ARTS - Students learn the main functions of ordering, preparing, cooking and serving food in restaurants, cafeterias, hotels and institutions. Instruction includes practical experience in the school restaurant and bakery where they study the following occupations: chef, cook, baker, salad maker, line cook, prep cook, cake decorator, serving staff and cashier. Special emphasis is placed on safety, sanitation, restaurant management, menu planning, daily operations and nutrition. Upon graduation, students are prepared for entry level positions in various types of establishments or for higher education admissions in colleges or culinary schools.

- **CERTIFICATION:** PA Skills Certificate/US Dept. of Agriculture ServSafe Certification/American Heart Association-First Aid

DENTAL ASSISTING - An instructional program that prepares individuals to function effectively as an integral member of the dental health team. The practitioner will learn to perform chair-side assisting, related office duties and selected dental office laboratory procedures and dental radiography. The planned courses include instruction in standard precautions, OSHA regulations, communications skills, computer literacy, anatomy and physiology, along with microbiology and sterilization. Dental Science instruction includes content in dental materials, dental radiography, oral anatomy, histology, oral embryology, oral pathology and therapeutics. Clinical science portion will emphasize the principles and application of office management, chair-side assisting, dental emergencies and legal/ethical aspects of dental practice. Clinical practice is an integral part of the program designed to perfect students' competence in performing dental assisting functions.

- **CERTIFICATIONS:** PA Skills Certificate/PA Dental Radiology/American Heart Association-First Aid/American Heart Association-BLS for Health Care Providers/National Safety Council Bloodborne & Airborne Pathogens/Dental Assisting National Board Radiation & Health Safety/ National Entry Level Dental Assistant (NELDA)

ELECTRICAL OCCUPATIONS - Electrical training involves three major branches: residential, commercial and industrial electricity. Students learn theory and regulatory codes as well as practical applications.

- **CERTIFICATIONS:** PA Skills Certificate/Occupational Safety & Health Administration-OSHA 10 Construction Certification/Arc Flash-Low & High Voltage Certificate

EARLY CHILDHOOD EDUCATION (TEACHER PREP / EARLY CHILDHOOD) - Course will cover stages of child development, safety and first aid in caring for children, day care and preschool regulations, planning and presenting information to children, nutrition, guidance and discipline techniques, and personal care of children.

- **CERTIFICATIONS:** PA Skills Certificate/PA Department of Education-Bureau of CTE-Child Development Associate Ready Certificate (CDA-Ready)/American Heart Association-Pediatric First Aid for Child Care Providers/National Heart Association-Infant CPR AED/American Heart Association-Adult Child-CPR AED/National Council for Professional Recognition—Child Development Associate (CDA)

FORESTRY - The forestry program is designed to train students in woodland care and management which includes logging, cutting, planting, and marketing of wood and wood products. The course also covers skills involved in sawing, drying, and grading lumber. As part of their course work, students will use computers.

- **CERTIFICATIONS:** PA Skills Certificate/Bureau of Forestry—Forest Fire Fighter/American Heart Association-CPR AED First Aid/PA Department of Agriculture Pesticide Private Applicator's License/National Safe Tractor and Machinery Operation

HEALTH OCCUPATIONS - This training prepares students for a wide variety of paraprofessional careers in the medical and nursing assistant field. Technical and practical application of medical techniques developed. Observational and cooperative experiences with health care agencies are provided.

- **CERTIFICATIONS:** PA Skills Certificate/PA Nurse Aide Registry/American Heart Association-CPR AED First Aid/American Heart Association-BLS for Health Care Providers/Certified Patient Care Technician

MACHINE TECHNOLOGY - Employment for machinists has traditionally been excellent and the future demand increases. Learn modern machining techniques which include precision measuring, use of machine tools, and computerized numerical control programming.

- **CERTIFICATION:** PA Skills Certificate/National Institute for Metalworking Skills-NIMS Level I (NIMS)

MASONRY - Training involves many aspects of the Masonry and Concrete construction fields. Students will learn brick and block laying techniques. Students will work with various types of stone and ceramic tile. Students will learn various concrete applications including decorative concrete. Masonry students can learn to construct a project from layout to completion, including cost and material estimates.

- **CERTIFICATIONS:** PA Skills Certificate/National Association of Home Builders/Occupational Safety & Health Administration-OSHA 10 Hour Construction

(PRE-ENGINEERING) DRAFTING & DESIGN - The advancement in technology and the need for drafting technicians continues to grow. Students learn and may specialize in mechanical or architectural drafting, or civil engineering. Students use the latest computer aided drafting software and will have the latest technology including a 3D printer and scanner, laser engraver, total station, as well as GPS units.

- **CERTIFICATIONS:** PA Skills Certificate/Autodesk—AutoCAD

WELDING - Students learn the latest procedures and techniques in bonding and fabricating metal. Employment opportunities exist for trained welders in commercial and industrial fabrication plants.

- **CERTIFICATION:** PA Skills Certificate/American Welding Society Certification (AWS)/American Heart Association-CPR AED First Aid

Dual Certifications

Consists of 4 semesters — 2000 hours — Tuition \$16,000

- * Auto Body Technology (Collision Repair & Refinishing) / Auto Technology
- * Auto Body Technology (Collision Repair & Refinishing) / Welding
- * Pre-Engineering Drafting & Design / Carpentry
- * Pre-Engineering Drafting & Design / Machining
- * Carpentry / Electrical
- * Carpentry / Masonry
- * Welding / Machining

Specially Priced Programs

COSMETOLOGY - Become a fully licensed Cosmetologist. Job opportunities exist in salons, or graduates can become self-employed.

LENGTH: 42 wks., 1,250 hours.

TUITION: \$10,000

- **CERTIFICATION:** PA Skills Certificate/Pennsylvania Cosmetology Board-Operator

COSMETOLOGY TEACHING LICENSE—This program will provide training to become a certified cosmetology instructor.

LENGTH: 20 wks., 600 hours

TUITION: \$4,800

- **CERTIFICATION:** Pennsylvania Cosmetology Board-Teacher

ESTHETICIAN PROGRAM—Learn skin care techniques to become a fully licensed Esthetician.

LENGTH: 10 wks. 300 hrs.

TUITION: \$2,400

- **CERTIFICATIONS:** Pennsylvania Cosmetology Board-Esthetician

NAIL TECHNICIAN - Learn basic manicure and pedicure techniques, artificial nail application, nail design and much more. Students are eligible for state board exam upon completion.

LENGTH: 7 wks. 200 hours

TUITION: \$1,600

- **CERTIFICATION:** Pennsylvania Cosmetology Board-Manicurist

Health Care

School of Practical Nursing

A Practical Nurse (LPN) is an integral part of the health care team who works with physicians and registered nurses to provide skilled care and comfort to patients.

The Practical Nursing program at SCTC provides an opportunity for students to start their health care career by completing a 52-week academic program with 4 recess weeks. Classes are from 8:30 a.m. to 3:30 p.m. Monday – Friday. Clinical will be daylight and evening rotations. The program is divided into four (4) levels, each lasting approximately 12 weeks. Total program hours are 1550, with 645 theory hours and 905 clinical hours.

Level 1: Fundamentals of Nursing, Body and Function, Nutrition, Math for Meds

Level 2: Pharmacology, Maternal - Child Health Nursing, Pediatrics, Obstetrics, Intro to Medical/Surgical Nursing

Level 3: Medical/Surgical Nursing I, Personal and Vocational Relationships

Level 4: Medical/Surgical Nursing II, Leadership

Clinicals will be held at Conemaugh Hospital, Somerset Hospital, Meadowview Nursing Home, Laurel View Village, and The Patriot.

There is a \$100 application fee that includes the entrance exam. After you submit your application, please call the LPN office and register to take the TEAS entrance exam.

After acceptance into the school, you will be required to have a physical, 10-step drug panel, 2-step Mantoux, Rubella, Rubeola, Hep B, Varicella, Tdap, & Mumps Titers, Flu Vaccine, and criminal clearances (FBI, PA & Child Abuse). Additional background checks may be required.

NEXT CLASS BEGINS: Each September

CLASS SIZE IS LIMITED

TUITION: \$16,900 (*includes books & supplies*)
