Full-Time Instructor - Aviation Maintenance Technology

SCTC is seeking a full-time Aviation Maintenance Technology instructor, needed for the start of the 2024-25 school year. The Aviation Maintenance Technology program prepares individuals to apply technical knowledge and skills to repair, service, and maintain all aircraft components other than engines, propellers, avionics and instruments. Includes instruction in layout and fabrication of sheet metal, fabric, wood and other materials into structural members, parts and fittings and replacement of damaged or worn parts such as control cables and hydraulic units.

Applicants must have the following:

- FAA AMT General Certification
- 4 -years wage earning experience in the Aviation industry

Applicant must be able to obtain Act 34, 151, and 114 clearances upon hiring. EOE

Interested candidates should submit a resume to SCTC Administration at the following address. Application review will begin immediately and continue until a successful candidate has been selected.

Mrs. Karen Remick, Administrative Director
Somerset County Technology Center
281 Technology Drive
Somerset, PA 15501
